# OBJECTIVES

Cloud Console Introduction	Data Science Platform Overview	Launch Data Science Service	Access & Use Data Science Service	Provide Resource for Continue Research
1	2	3	4	5

End-state:
1. Continue research on your own utilizing LiveLab workshop
2. Explore documentation/blogs and tech casts for advanced capabilities
3. Communicate any feedback or questions back to team
4. Request advance tech transfer meetings to stimulate further research and testing

Cloud Data Science Platform Components

Managed Data Science Service	Cloud Infrastructure Virtual Machines	In-Database Machine Learning	Pre-trained Out-Of-The-Box Models
Pre-trained Out-Of-The-Box Models	No-Code Machine Learning	3rd Party Solutions
